

Tile
See drawing Vers3Tile10_9_2016

Notes:

1. If vendor desires copper tubes can be assembled into a 'harness' to facilitate brazing.
2. Braze specifications per drawing 10_19_2016.
3. If vendor desires a number of clamps can be supplied by UC to vendor specs; a suggested design is shown in drawing ClampPartA10_18_16 and ClampPartB10_18_16.
4. Clamp can be used as part of fixturing to position harness with respect to tile edge.
